TRACTION® TOOLS

Getting started with Traction Tools: our proven process for your success

1. Your Implementer signs you up
Your Implementer will register you for a Traction Tools account.

2. Receive your Traction Tools log-in
When your Implementer is ready, we'll reach out to you directly to give you access to Traction Tools.

3. Get acquainted with your account
We'll contact you via phone or email to schedule a free, optional introduction to your new account.

4. Bring your leadership team on board
Schedule a training session for members of your leadership team to get the ball rolling at the top.

5. Touch base with our team
We'll touch base with you to answer any questions you may have, or to provide additional training for you and your team.

6. Help supervisors get up to speed
Schedule a training just for supervisors, where they'll learn how to boost productivity through Traction Tools.

7. Roll out Traction Tools to your team
With supervisors and leadership on board, we're available to assist with rolling Traction Tools out to the rest of your organization.

8. Get continued unlimited support
We provide limitless support free of charge. Just send us an email at help@mytractiontools.com, and we'll get back to you ASAP.
